

To continue its leadership in providing a third of the Global Fund's financing and encourage other donors to increase their investment, Friends urges Congress to appropriate \$2 billion to the Global Fund in FY26.

A \$2 BILLION INVESTMENT IN THE GLOBAL FUND WOULD TRANSLATE TO:

2.5 million
lives saved through programs supported by the Global Fund

44 million

new infections or cases averted across HIV, TB and malaria

\$36 billion

in economic returns created through health gains

3.2 million

people receiving life-saving HIV antiretroviral therapy

256,000

mothers receiving medicine to prevent transmitting HIV to their babies

192 million

people receiving HIV counselling and testing

2.7 million

people receiving TB treatment and care

61 million

people screened for TB

72,000

people receiving treatment for multi-drug-resistant TB

108,000

HIV-positive TB patients receiving antiretroviral therapy

220 million

mosquito nets distributed to protect children and families from malaria

62 million

children and families receiving seasonal malaria chemoprevention to protect them from malaria

58 million

people receiving malaria treatment and care

Estimates are derived from the modelling conducted to estimate impact of the Global Fund 2026-2028 Investment Case. The results reflect contributions of Global Fund investments to national programs and the results achieved together with partners. The Global Fund supports a range of interventions recommended by technical partners, which go beyond those presented in the results of this calculator.
